# Oeco GARDEN SAUNAS

**Reconnect with the Elements**
We manufacture premium quality outdoor garden saunas designed to blend luxury, relaxation, and wellness with the beauty of nature.

The intense warmth helps improve circulation, relieve muscle tension, and promote sweating, which aids in flushing out toxins. Our expertly crafted saunas offer a rejuvenating escape, providing both therapeutic benefits and an elegant addition to any outdoor space.

**Handcrafted Outdoor Saunas**
Our handmade quality outdoor saunas offer a perfect blend of craftsmanship, durability, and relaxation. Traditional timber frame outdoor saunas external clad in maintenance free composite materials or premium grade Western Red Cedar timber.

Western Red Cedar internal cladding and sauna benches complete with Western Red Cedar flooring highlight the true bespoke nature of our unique saunas.

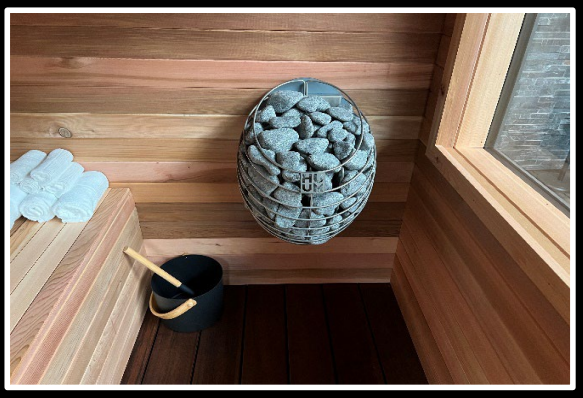

**Western Red Cedar**
Western Red Cedar is widely considered the best internal cladding for a sauna due to its natural properties.

Cedar is highly stable under extreme heat and humidity and the wood gives off a pleasant, subtle aroma that enhances the sauna experience.Many people find the scent of cedar relaxing and soothing, adding to the overall wellness benefits of sauna use.

**Powered By HUUM**
HUUM sauna heaters embody the rustic yet elegant Nordic design that celebrates the natural beauty of sauna stones.

Inspired by the organic shapes and forms found in nature, our sauna heaters are developed with sustainability in mind, ensuring durability and efficient use of materials. HUUM create durable and beautifully designed sauna heaters that provide a gentle and healthy steam experience for years.

**The Complete Service**
We take care of every aspect of your sauna project — from delivery and foundation preparation to full assembly, internal concealed electrics, and sauna heater installation.

**IMPORTANT NOTE:**
Our saunas are not delivered flat-packed for you to assemble or on a lorry requiring you to organise a forklift or crane for unloading. Each sauna is hand built on-site.
